

Quick Facts

The Need

In the aftermath of the overturning of Roe v. Wade the need is great. Women and their partners still look for answers in their pregnancy decisions.

Our statistics say that 70% of our clients are single and 86% are between the ages of 20-30. Many claim to trust in Christ but many have only a head knowledge instead of a personal relationship.

We continue the mission started 37 years ago. The need for our services in the community are great.

Mission

Sav-A-Life Shelby's mission is to develop a culture of life where abortion is unnecessary and undesirable in Shelby County, Alabama while offering the hope of the gospel. We hope to see every person who engages with the Pregnancy Resource Center of Pelham, AL chooses life for themselves and their unborn child.

Small Center. Big Impact.

"I was very scared, and I had no idea what to do when I discovered I was pregnant. The Client Advocate was willing to help and not judge, and just walked me through the situation. When I saw the ultrasound, my decision was made. I know I am supported, and am confident in my decision to parent." Jessica

Pregnancy Resource Center Client
